2. FOOD & BAVARAGE INDUSTRY

Food industry is a collective of diverse businesses that ensure stable and quality food supply. Our company prides itself with experiences in the following fields of food industry:

- production,
- processing,
- packaging,
- food chemistry,
- food sorting,
- food storage,
- etc.

Our references in the field of food processing cover food conservation, packaging, transportation of sugar, as well as meat processing. Our activities in the field also cover parallel processes and systems that accompany the basic activities of food processing, such as processing and treatment of waste, air cleaning, engine rooms and cooling systems, air-conditioning, renewable sources of energy, heating systems, sterilization, water extraction, etc.
